

UNIVERSITY OF PRISHTINA CENTER FOR TEACHING EXCELLENCE

The Transformational Leadership Program – Scholarships and Partnerships worked together with Arizona State University to revitalize the University of Prishtina’s Center for Teaching Excellence. The center offers trainings and workshops to University of Prishtina teaching staff in using technology in the classroom, updating teaching methods and organizing classrooms.

THE CENTER UNDOUBTEDLY HAS A POSITIVE EFFECT ON THE ENHANCEMENT OF THE QUALITY OF TEACHING AT THE UNIVERSITY OF PRISHTINA, WITH DIRECT IMPACT ON THE IMPROVEMENT OF STUDENTS RESULTS. THE CTE TRAININGS ALSO ALLOW FOR THE SHIFT FROM TEACHING-CENTERED CLASSROOMS TO LEARNING-CENTERED ONES, AND THIS IS EXACTLY WHAT KOSOVO NEEDS AND WHAT THE UNIVERSITY OF PRISHTINA WILL OFFER: KNOWLEDGEABLE, SKILLFUL AND HIGHLY QUALIFIED PROFESSIONALS EQUIPPED WITH 21ST CENTURY SKILLS

Prof. Dr. Shykrane Germizaj, University of Prishtina

150

University of Prishtina staff have attended six rounds of trainings at the Center for Teaching excellence since November 2017. The center is run by ten senior trainers, who will soon be joined by a new batch of twelve additional trainers that will continue training University of Prishtina staff in modern teaching methods.
